

ABDOUL SALAM DODO TAHIROU

Double Degree Candidate — Master 2 MIAGE AI (Université Côte d'Azur) & State Engineer Degree (Bac+5) in Computer Science & Networks, specializing in AI & Data Science (EMSI)
Rabat, Morocco · dodotahirouabdoulsalam2003@gmail.com · +212 638 402 716
[linkedin.com/in/idodo12](https://www.linkedin.com/in/idodo12) · github.com/idodo-t · <https://portfolio-react-bice-tau-78.vercel.app>

Available for a 6-month end-of-studies internship (PFE) in AI / Machine Learning / Data Science, starting February 2027.

PROFILE

Double degree candidate: Master MIAGE AI (French national master's degree, Université Côte d'Azur) and State Engineer Degree in AI & Data Science (EMSI Rabat). International experience, remote and on-site (France, Tunisia, Niger), with hands-on practice in generative AI (LLMs, RAG, agentic AI), Deep Learning and computer vision. Founder & CEO of Salam Tech Africa; Oracle Cloud Infrastructure AI Foundations Associate certified; silver medalist at the EMSI Innovation AI TechForGood Hackathon 2026; published author.

PROFESSIONAL EXPERIENCE

- Software Development Intern — France Monceau, Paris, France (remote, part-time) Since July 2026
 - Developed an intelligent e-commerce platform: online store, CRM, call center
 - Integrated AI-based decision-support solutions
- Software Development Intern — 3LM Solutions, Bizerte, Tunisia (remote, part-time) Since July 2026
 - Developed a CRM, a Call Center module and a business interface
 - Contributed to mobile application development
- Software Engineer — Technorium Company, Niamey, Niger Aug – Oct 2024
 - Front-end / back-end development (JavaScript & Java), system script optimization, Agile collaboration

ENTREPRENEURIAL EXPERIENCE

- Founder & CEO — Salam Tech Africa (STA) 2026 – Present
 - Technology startup dedicated to digital solutions and innovation in Africa: product design, project development and team leadership

EDUCATION

- Master 2 MIAGE AI2 — Applied AI (double degree, delivered in Morocco) — Université Côte d'Azur 2026 – 2027
- State Engineer Degree (Bac+5) — Artificial Intelligence & Data Science — EMSI, Rabat 2025 – 2027
- Bachelor's (Licence) — Software Engineering — FST Errachidia, Moulay Ismaïl Univ. 2023 – 2024
- DEUST (2-year diploma) — Mathematics, Computer Science & Physics — FST Errachidia, Moulay Ismaïl Univ. 2021 – 2023

KEY PROJECTS

- Malware Detection with CNN:** Deep Learning classifier for malware detection, 96% accuracy
- Nutrition Detection with Computer Vision:** food and nutritional value detection based on YOLOv8, 92% accuracy
- Agentic AI & RAG Conversational Assistant:** LangChain agent with vector memory, Chain-of-Thought and few-shot prompting, model fine-tuning
- Other projects:** ML forecasting of hotel occupancy · BI/ETL data warehouse and dashboards · real-time IoT dashboard (MQTT) · MongoDB library management · Linux server hardening / cybersecurity · medical booking platform in C# .NET (details on GitHub)

SKILLS

- Generative & Agentic AI:** LLMs, RAG, agentic AI, LangChain, Hugging Face, prompt engineering, fine-tuning, generative AI
- Machine Learning & Deep Learning:** PyTorch, TensorFlow, Scikit-learn, CNN, NumPy, Pandas, advanced ML (R), GPU-accelerated ML
- Computer Vision & NLP:** computer vision (CNN, YOLOv8), natural language processing (NLP)
- MLOps & Deployment:** Docker, Git / GitHub, CI/CD, FastAPI, MLflow, Conda, AI application deployment
- Data & Databases:** SQL (MySQL), MongoDB, Big Data (decision processes, ecosystem), BI / ETL
- Optimization & Reasoning:** combinatorial optimization, reactive AI, automated reasoning & decision management
- Programming Languages:** Python, C++, C, C# .NET, Java, PHP, JavaScript
- Web & Mobile:** React, React Native, Node.js, Kotlin, Flutter
- Cloud & Systems:** Oracle Cloud (OCI), Linux, IoT (MQTT), cybersecurity

LANGUAGES & DRIVING LICENCE

- Languages:** French (native) · English (advanced) · Hausa (native) · Zarma (native) · Darija (basic) · Driving licence (Category B)

CERTIFICATIONS

- OCI AI Foundations Associate (2026) · Introduction to Big Data · Agile Project Management · React Native · React Basics

AUTHOR & COMMUNITY INVOLVEMENT

- Author of « Le Codeur de Niamey »:** publication and communication around the book · Interests: reading, public speaking, sport
- Leadership:** President, AFAE (2021–2024) · Secretary General, ANEM Errachidia (2022–2023) · Active Member, CESAM (2021–2026)
